How are partnerships formalized?

Partnerships are usually formalized through a Memorandum of Understanding (MOU) between GPO and the partner institution(s). While GPO and the partner institution(s) will determine the exact requirements for the MOU based on the nature of the project, MOUs for content and service partnerships have a similar structure.

Need more information? If you need more information, have a question about FDLP partnerships, or want to discuss a potential partnership, please **contact** the FDLP partnership coordinator.
