

GPO Congressional Publishing Services (CPS) has informed Library Services and Content Management that there is an error in the following publication:

- Title: 108-2, U.S. Congressional Serial Set, Senate Document, Nos.20-29, Serial No. 14870, January 20-December 7, 2004
- SuDocs Class: Y 1.1/2:SERIAL 14870
- Item No.: 1008-F
- Shipping List No.: 2008-0014-S
- Shipping List Date: 01/22/2008

This title was distributed to libraries entitled to receive the bound Serial Set (regional libraries and 1 library in each state) only. CPS is requesting that this publication be returned to GPO.

Each library selecting item no. 1008-F will receive a first class mailing label from GPO. It will be sent to the address listed in the Federal Depository Library Directory and be addressed to the documents coordinator.

The mailing will include a return mailing label and a tracking sheet that will be used by GPO for inventory control purposes for each volume returned. Libraries should use the return label supplied and include the tracking sheet in the volume when it is returned.

If you select item 1008-F and do not receive the Serial Set volume recall mailing from GPO within 10 days of this posting, please contact: [Laurie B. Hall, Director, Library Technical Information Services](#)

Serial Set 14870 should be returned as soon as possible so that the error can be corrected. If we have not received your returned volume by February 29, 2008, LSCM staff will be contacting you.

Once all volumes have been received, work will commence at GPO to repair the error. When this is completed, each serial set volume will be returned to its library. It is anticipated that this

Serial Set Volume Recall

Thursday, 07 February 2008 - Last Updated Thursday, 29 January 2009

process will take approximately 4-6 weeks from time of GPO receipt of Serial Set 14870.
