

2021 Biennial Survey of Depository Libraries - PREVIEW

Instructions for completing the survey

- 1) All Federal depository libraries are required to complete this survey. The survey must be submitted by March 9, 2022.
- 2) Download or print the preview of the questions. Fill out the responses in the preview and have your director or their designee review and approve the responses.
- 3) Provide your responses according to current conditions in 2022, unless specifically requested to enter responses related to the ongoing COVID-19 pandemic and its impact. In all other cases, we are interested in learning the current state of operations, on the day you answer the questions. (Please note that this “2021 survey”, which normally is held in the fall of odd-numbered years, was delayed.)
- 4) Each depository coordinator will be emailed a unique URL to complete the survey. Do not share this URL outside your depository library, as it is unique to your institution. Once approved, use this URL to log in to the survey and enter your library’s responses.
- 5) Complete the survey in one session. If you need to leave and come back, your original responses will be lost.
- 6) If you did not receive your unique URL, or if you have questions about the survey itself, please direct your questions to [askGPO, category ‘Other depository library question or issue’](#). GPO staff will monitor and respond regularly.

Note - All questions in this survey refer to Federal depository resources and Federal Government information unless otherwise specified.

Q1. I certify that my library fulfills the [Legal Requirements and Program Regulations](#) (LRPR) of the Federal Depository Library Program. *

- Yes
- No. If no, please explain:

Q5. Report the Full Time Equivalencies that support the Federal depository operation. Count the number of hours based on a 40-hour work week. For example, if four librarians spend a combined total of 100 hours per week on depository activities, report 2.5 FTE for Librarians. Include reference staff, web page developers, subject guide developers, technical services staff, etc. in your calculation. Report "0" for the staff categories you do not have, and use decimals for your figures (example: 0.00, 0.25, 2.00, 2.50, etc.) *

Questions for depositories with tangible formats (paper, microfiche, electronic media, etc.)

The following questions are intended to assess the size of the tangible collection in Federal depository libraries.

Not all libraries are able to provide details on their collections using the same standard. For the first four questions, please provide a best estimate count of titles, items, publications, or other unit of measurement for your collection in all locations, as applicable. In your answer, provide the quantity and the standard used.

For example:

"360 linear feet"

"12 inches"

"456 titles"

"65,000 items"

"zero microfiche"

"1.2 million publications"

Guidance: "[Is there a formula I can use to estimate the size of my documents collection?](#)"

Q14(a). To the best of your knowledge, how many FDLP-issued publications in paper (not including maps) would you estimate are in your collection? *

Enter your estimate - include the unit of measurement.

For example, 200 linear feet
