### Library Services & Content Management

Working to ensure equitable, secure, convenient, & permanent public access to tangible & electronic Government information.

Generate an informed American public through administration and support of four statutorily-mandated programs, ensuring Federal Government information lifecycle management in multiple formats

## Program 1: Federal Depository Library Program (FDLP)

- Network of designated libraries that maintain & provide free public access to U.S. Government information products
- Mission of the FDLP:
  - To provide free, ready, and permanent public access to U.S. Government information, now and for future generations

## Program 2: Cataloging & Indexing (C&I)

- Create a comprehensive index of all publications issued or published by the U.S. Government
- Develop an authoritative national bibliography to increase visibility and use of Federal publications
  - Catalog of U.S. Government Publications (CGP):  
<https://catalog.gpo.gov>

## Program 3: International Exchange Service (IES)

- Distributes tangible Government publications to foreign governments in an exchange program managed by Library of Congress
- Foreign governments agree to send similar publications of their governments to the U.S. for Library of Congress collections.

## Program 4:

# By-Law Program

- Mandates distribution of copies of publications to certain Federal agencies and others when directed to do so by Congress
- Two or more copies of every publication printed under this program provided to Library of Congress, even if not distributed to Federal depository libraries
- NARA receives up to three copies of every publication printed by GPO.
