

Defense Technical Information Center

DTIC 101: Introduction

*2006 Fall Federal Depository Library Conference
Washington, D.C.
October 24, 2006*

Wendy Hill, S&T Outreach Liaison

Agenda

- **DTIC 101: Introduction**
 - Wendy Hill
- **Public Documents**
 - Philip Tomposki
- **Federal Information Sources**
 - Helen Q. Sherman
- **S&T Outreach**
 - Wendy Hill
- **Wrap-up and Questions**

Did you know that DTIC

Is older than the Department of Defense?

Developed one of the world's first online bibliographic databases?

Fielded its first Web site in 1994, and has developed more than 100 Web sites for the Department of Defense and military services?

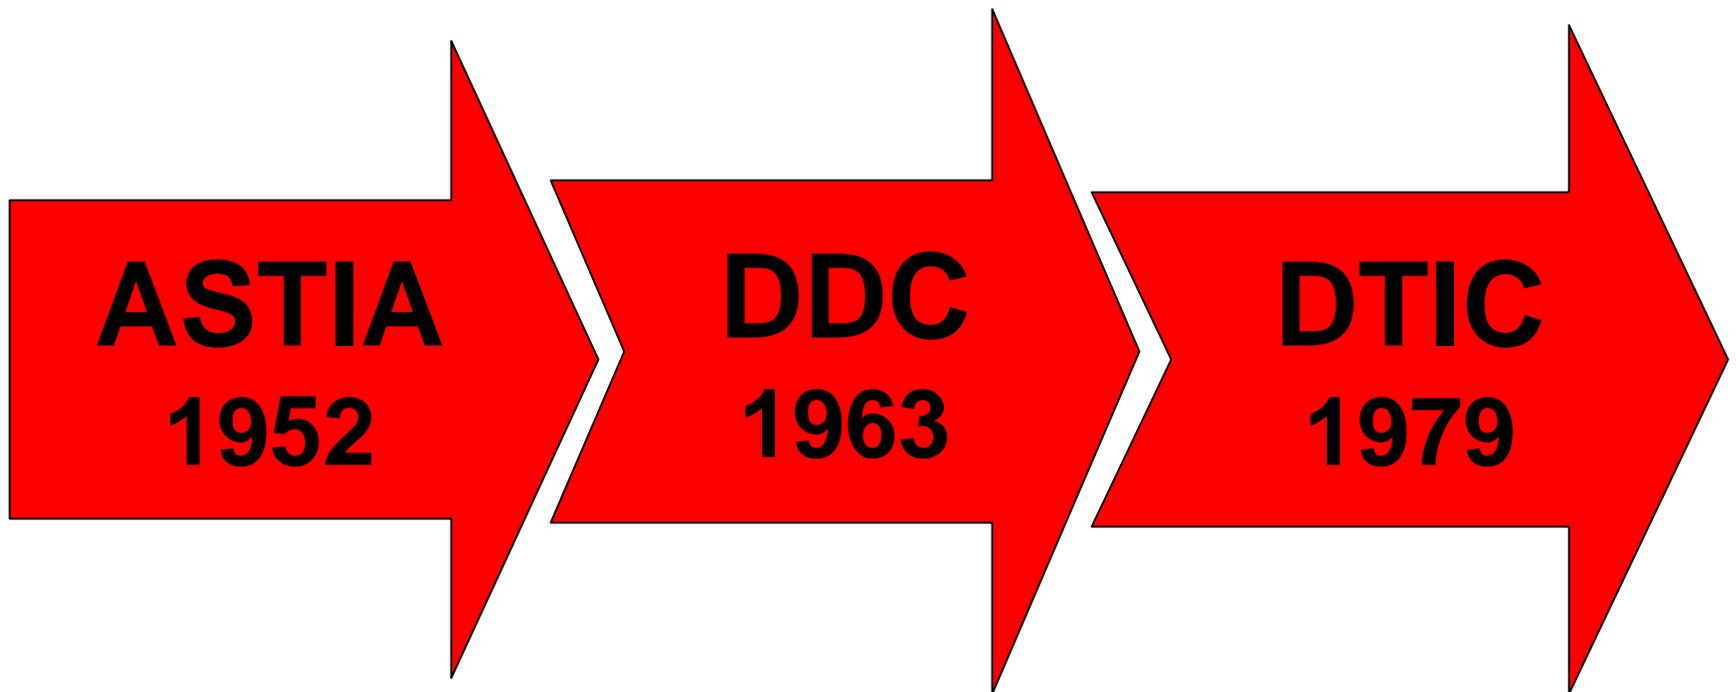

Has a collection of more than 2 million technical reports?

DTIC Milestones

From the ashes of World War II...

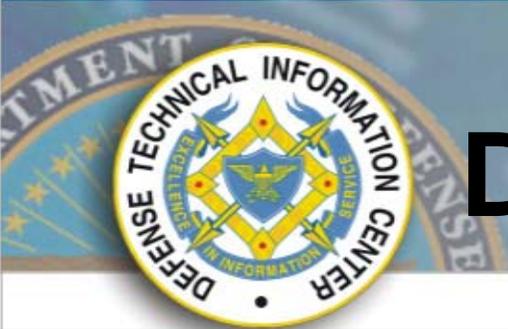

2004+ DoD Field Activity (Defense Research & Engineering)

What is a DoDFA?

- “The *DoD Field Activities* are established by the Secretary of Defense, under the provisions of Title 10, United States Code, to perform **selected consolidated support and service functions** of a **more limited scope** than Defense Agencies.”

– *Department of Defense Organization and Functions Guidebook*

DTIC Functions

- **Acquire, analyze, organize, store, and provide** value-added access to Defense Acquisition, Scientific & Technical Information (STI) for the authorized RDT&E community
- Support **DoD STI** activity including policy development, guidance, & enforcement, training, marking documents, Web pages, and acquisition
- Design, host, and maintain **DoD Web sites**, portals, and gateways to DoD technical and related information
- Administer **DoD Information Analysis Centers (IACs)**
- Explore **improved methods & new information technologies**

DTIC Collections

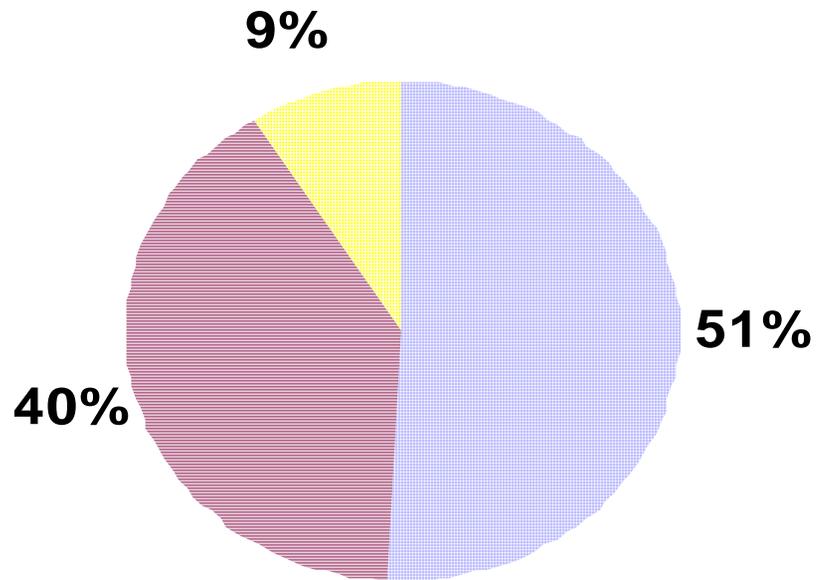

- Technical Reports
 - More than 2 million documents
- Research Summaries
 - More than 300,000 summaries of ongoing and completed DoD research
- Independent Research & Development
 - More than 170,000 proprietary descriptions of voluntarily reported private sector research (Available to DoD ONLY)

Public Release

Technical Report Availability

- TR Public Release
- TR Limited
- Classified

Distribution Limitations

- **Approved for Public Release (U2)**
- **US Government and their Contractors**
- **US Government only**
- **DoD only**
- **DoD and their Contractors**
- **Available only with approval of controlling office**
- **Export Control**

Controlled Access

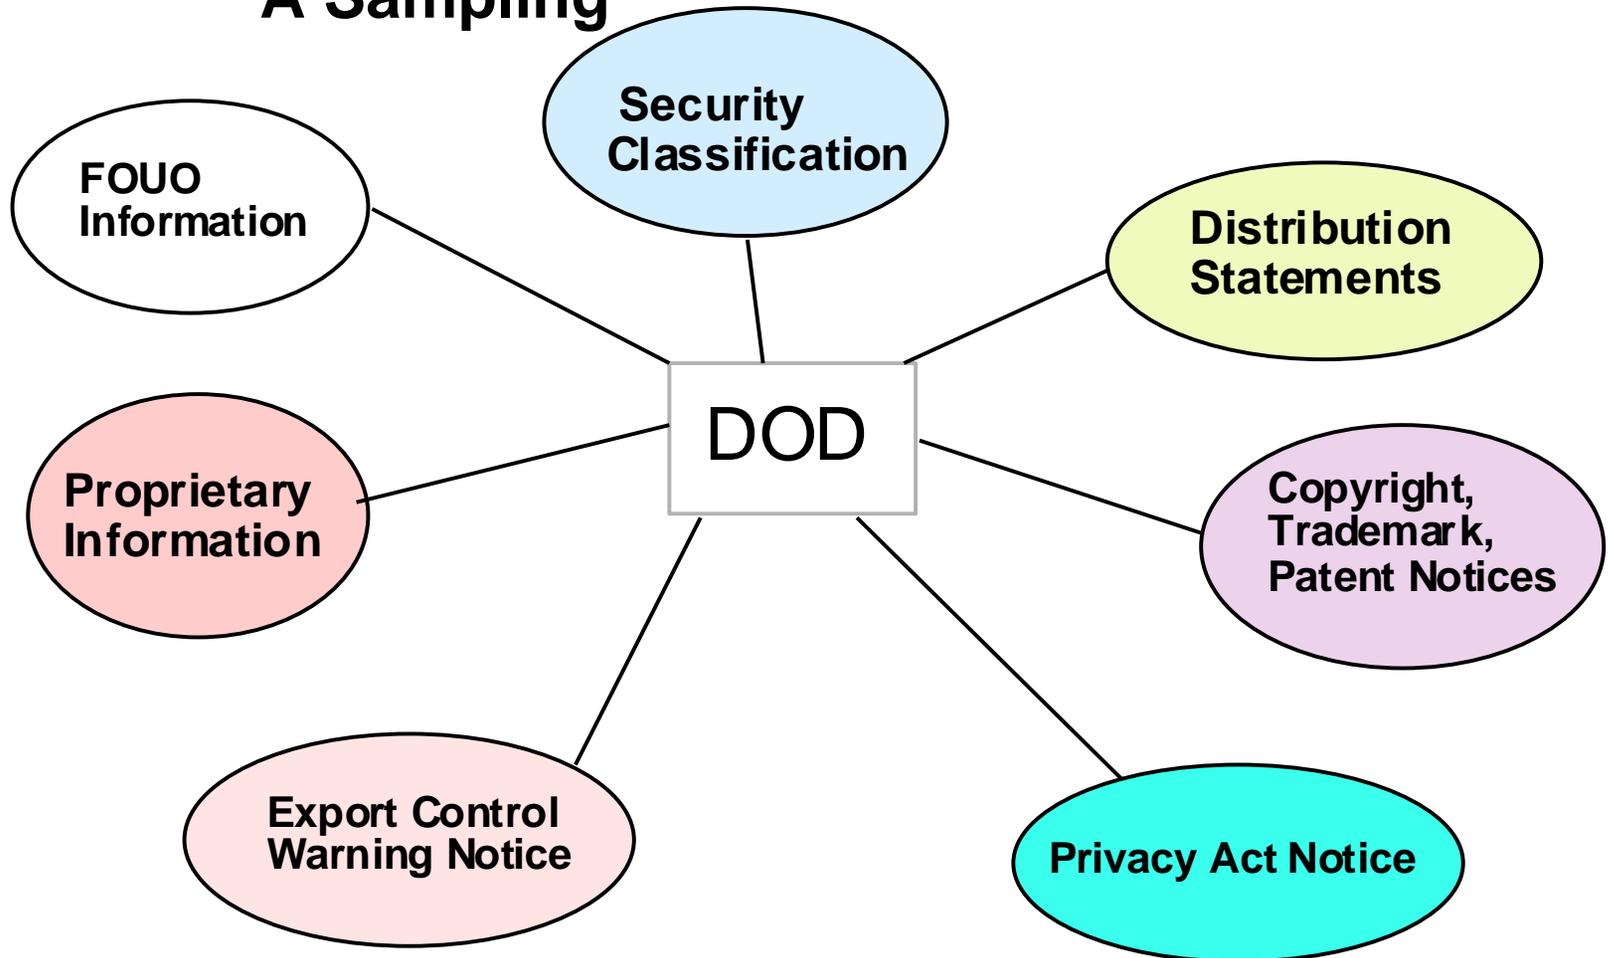

Potential reasons for restricting distribution to certain groups:

- Foreign government information
- Proprietary information
- Test and evaluation
- Contractor performance evaluation
- Critical technology
- Premature dissemination
- Software documentation
- Administrative/operational use
- Specific authority
- Direct military support

Controlled Access

Constraints on DoD Technical Information: A Sampling

DISTRIBUTION STATEMENTS

Allow us to tell **someone else** what they can do with **your** document **without asking** you.

Include--

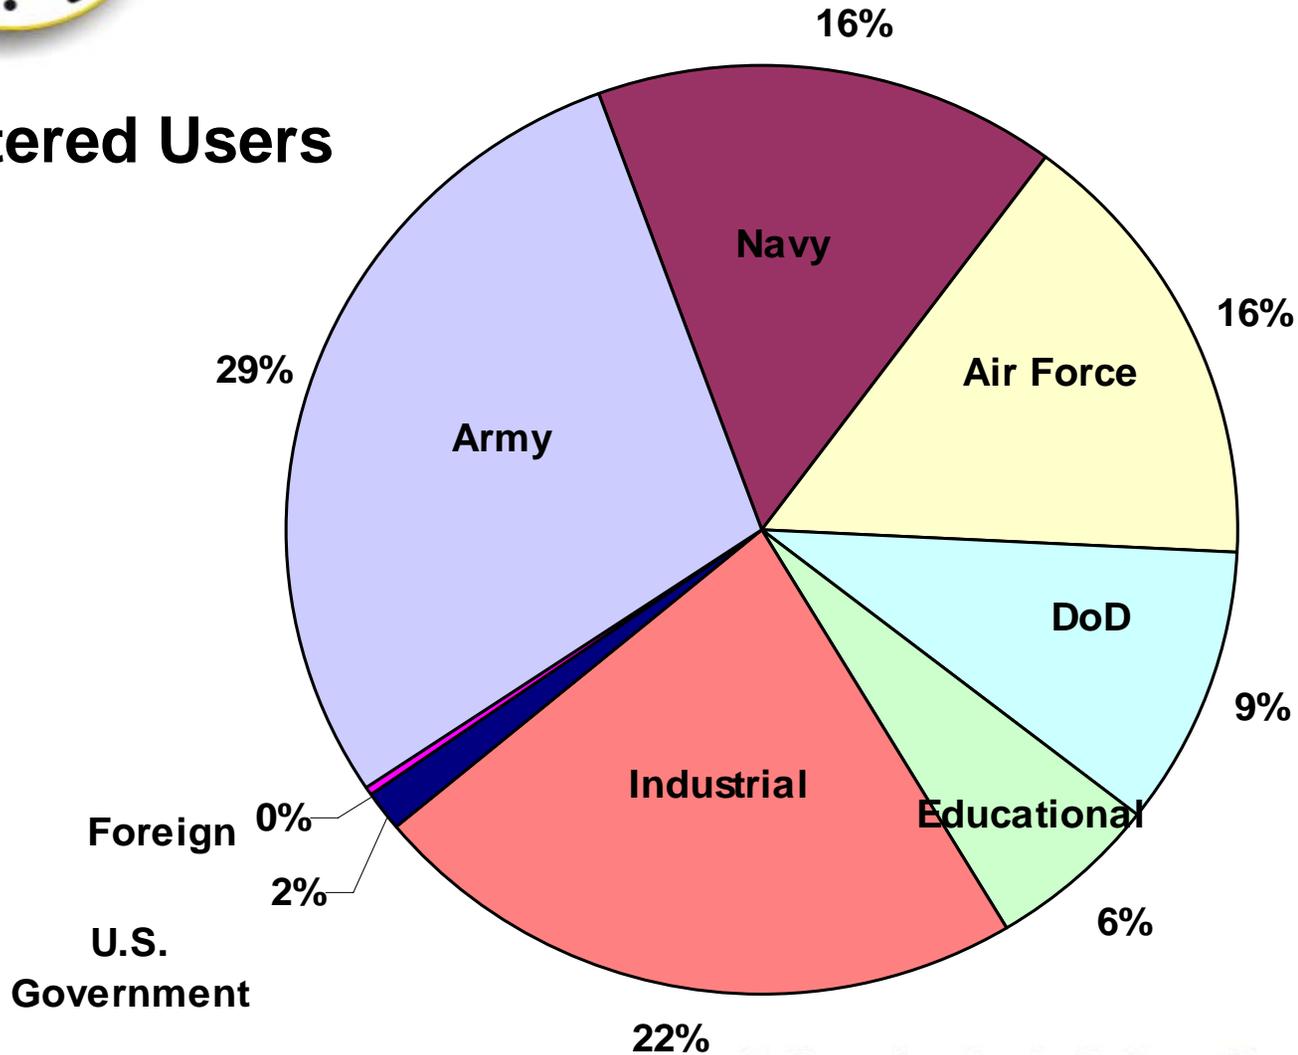

- **Intended Audience**
- **Restriction Reason**
- **Releasing Office Details**
- **Determination Date**

Remember:
Distribution
Statements only
control secondary
distribution

DTIC Customers

Registered Users

Access to DTIC

Who is eligible to register for DTIC services?

- **Employees of a DoD organization (civilian and military), DoD contractor, or potential DoD contractor**
- **Employees of another U.S. Federal Government agency or U.S. Federal Government contractor**
- **Researchers at a university or college funded by DoD or a U.S. Federal Government agency**
- **Participants in the Small Business Innovation Research or Small Business Technology Transfer program (SBIR/STTR)**

Access to DTIC

Who is eligible to register, continued

- Faculty members, staff members, or students of Historically Black Colleges and Universities (HBCU), Hispanic Serving Institutions (HSI), Tribal Colleges and Universities (TCU) and other Minority Institutions (MI)

Eligibility involves a business relationship with the Department of Defense

The Defense Technical Information Center (DTIC) Scientific and Technical Information Network (STINET) Service helps the DoD community access pertinent scientific and technical information to meet mission needs more effectively.

Private STINET consists of the following:

- DTIC's Technical Reports collection. A database of approximately 2 million bibliographic citations of reports describing the progress or results of research efforts and other scientific and technical information held by DTIC
- All recently added unclassified, unlimited and unclassified, limited full Technical Reports
- Active and inactive Research Summaries (RS) from 1965 to present
- Independent Research & Development data

STINET MultiSearch

STINET MultiSearch is a [STINET](#) feature intended to assist the DOD community to access pertinent scientific and technical information over a wide range of sources. You may check up to 10 databases to search simultaneously. You may also click on a database name for direct access to a single database, or click on the [INFO](#) icon for a database description. Databases preceded with  provide a substantial number of their reports in full text. For more information, please reference our [help](#) section.

Who We Are

The Defense Technical Information Center (DTIC[®]) is **THE premier provider of DoD technical information**. DTIC serves as a vital link in the transfer of information among DoD personnel, DoD contractors and potential contractors and other U.S. Government agency personnel and their contractors. DTIC is a DoD Field Activity under the Under Secretary of Defense for Acquisition, Technology and Logistics, reporting to the [Director, Defense Research & Engineering \(DDR&E\)](#).

Why We Do What We Do

- ◆ Provide direct information support to the warfighter.
- ◆ Leverage the multi billion dollar investment in DoD scientific and technical research.
- ◆ Prevent unnecessary or redundant research from being performed at taxpayer expense.

How We Do What We Do

- ◆ DoD-funded researchers are required to search DTIC's collections
