New from Readex

Enhance research, scholarship, and teaching with our latest historical primary source collections

New!

Indigenous Life in America

A vital resource for scholars of all levels, this distinctive digital news collection of Indigenous American life combines current sources with an archive spanning more than four centuries. Covering topics from the arrival of Europeans and westward expansion to 21st-century activism, the intuitive interface offers over 700 suggested searches, thoughtfully organized for easy access to essential content.

Now Available

American Indian Wars, 1830-1898

Unprecedented access to many of the U.S. Army's most vital 19th-century records, as curated by the National Archives (NARA). This resource illuminates the interactions between military forces and Native American tribes during the pivotal 19th century, offering critical perspectives for both research and instruction in Native American history.

Native American Documents: The Federal Record, 1789-1994

Chronicling the turbulent history of Native Americans and the government of the United States across 200 years, this digital archive offers thousands of documents, dozens of suggested search paths, and text analysis tools that enable renewed insights for multidisciplinary research.

Black American History Collection

African Americans and the Early Atlantic World: Exploration and Colonization, 1535-1771

Researchers can now explore the foundational contributions of Africans in early American history with this fully searchable digitized resource, showcasing printed works from the 1500s to the 1770s.

African Americans and Revolutionary America: Freedom and Oppression, 1772-1804

Containing digitized printed works from the onset of the American Revolution to the Early Republic period, scholars can explore the pivotal role of African Americans in Revolutionary America and uncover their profound impact on early American history.

Early American Newspapers

Specifically designed to work together, these three collections invite researchers working across academic disciplines to discern, interpret, and evaluate the complex evolution of the political, religious, and socio-economic forces that defined the transformation of 19th-century America.
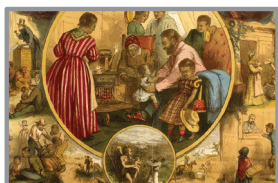

Series 18: Racial Awakening in the Northeast
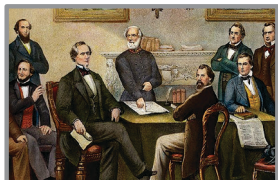

Series 19: The Politics of Race in the South
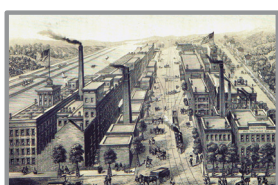

Series 20: America's Industrial Centers and the Politics of Race, Gender, and Immigration

BBC Monitoring: Summary of World Broadcasts

"…an exceptional source of primary documents"
--Library Journal e-review (November 2024)

Access millions of broadcasts from 1939 to 2001 in this expansive digital collection. An indispensable resource for researchers seeking vital 20th-century background to interpret today's complex global events.

Life in America

Asian Life in America

The contributions and experiences of Asian Americans are integral to United States history. From 18th-century immigrant communities to 19th-century labor rights to contemporary discourse around social justice, people of Asian descent have helped shape the story of America. Now, researchers across multiple disciplines can explore the perspectives and stories of the Asian American experience—from the early 18th century to today.

Black Life in America

Illuminating centuries of African American history, culture, and daily life in ways no other online resource can match with news coverage from 1704 to today. An invaluable resource for exploring social justice issues, equity, race, and related topics.

Hispanic Life in America

A first-of-its-kind digital news archive of Hispanic American life that spans four centuries and combines deep historical content with current sources. A dynamic resource for students to examine and study Hispanic American history and culture.
